

SAIF UR REHMAN

Full Stack Developer - Angular / React / Next.js / Flutter

Innsbruck, Austria | +43 660 6519 008 | saifaslam155@gmail.com

github.com/saifaslam246 | linkedin.com/in/saif-rehman-432383183 | saifaslam246.github.io/portfolio

PROFESSIONAL SUMMARY

Full Stack Developer with 4+ years including large-scale data extraction and structuring - Python pipelines that ingest and normalise millions of property listings from third-party sources into searchable data, and live feed integrations from major real-estate portals. Comfortable owning the full path from crawler to API to UI.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript (ES6+), Python, Dart, SQL, HTML5, CSS3

Frontend: Angular, React, Next.js, Ionic, React Native, Flutter, TypeScript, RxJS, NgRx Signals, Redux, Tailwind CSS, Angular Material, PrimeNG

Backend: Node.js, NestJS, Express.js, FastAPI, REST APIs, WebSockets / Socket.IO, Firebase Functions, Microservices

Databases: PostgreSQL, MongoDB, MySQL, MariaDB, Redis, Firebase Firestore, TypeORM, Prisma, Sequelize, Mongoose

Cloud & DevOps: AWS (EC2, S3, Lambda, SNS), Docker, CI/CD, GitHub Actions, Vercel, Nginx

Integrations: Stripe, Shopify, Amazon FBA/FBM, WooCommerce, Twilio, Firebase Cloud Messaging, OAuth 2.0, Payment Gateways

Data: Python web scraping, Scrapy / BeautifulSoup / Playwright, ETL pipelines, Data normalisation

Mobile: Flutter, Dart, Riverpod, React Native, Capacitor, iOS, Android

Domain: Healthcare / practice management, Clinical documentation, Statutory health-insurance billing, Appointment scheduling, Multi-tenant architecture, Offline-first & conflict resolution, GDPR

Practices & Tools: Agile / Scrum, Code review, Playwright end-to-end testing, Unit & integration testing, i18n (DE/EN), Versioned internal libraries, Trunk-based Git, Technical documentation, Client communication, Git, GitHub, Bitbucket, Jira, Figma, ESLint, SonarQube, Postman, Android Studio, Xcode

PROFESSIONAL EXPERIENCE

Full Stack Developer - Lead Frontend, Ludwig Practice Suite

TMN Development KG - Austria | Mar 2025 - Present

- Lead developer on the practice dashboard of Ludwig, a nine-application medical practice-management suite for physiotherapy and doctors' practices in Germany and Austria, built by a team of fourteen.
- Built clinical documentation to the standards Austrian and German practices are legally required to keep, with an anatomical body chart shared between the Angular dashboard and the Flutter app.
- Delivered statutory health-insurance invoicing: tariff-priced position lines, gap-free invoice numbering per company, and PDF export with SEPA payment QR codes.
- Implemented multi-tenancy on two axes, so one deployment serves many practices while practice groups partition patients, invoicing and outbound mail across sub-companies.
- Built offline-first working with two-way synchronisation and conflict review, so practitioners keep working in the field without overwriting colleagues' changes.
- Shipped a configuration-driven patient booking wizard in Next.js and React, with per-practice theming, one-time-code login and embeddable appointment and course booking.

Stack: Angular 19, Ionic 8, TypeScript, Next.js 16, React 19, Flutter, Dart, Riverpod, RxJS, NgRx Signals, Tailwind CSS, Playwright

Full Stack Developer

Pikessoft - Lahore, Pakistan | Sep 2022 - Feb 2025

- Led delivery on client platforms across logistics, marketplace, real-estate and field-service products, from architecture through release.
- Built real-time features including chat, group messaging, push notifications and live order tracking across web and mobile clients.

- Designed REST APIs over MongoDB, MariaDB and Redis, tuning queries and caching to keep dashboards responsive at scale.
- Integrated Shopify, Amazon, WooCommerce and Stripe to automate order and fulfilment flows.
- Mentored junior developers, ran code reviews, and handled client requirements and delivery planning directly.

Stack: React, Angular, Next.js, React Native, Node.js, NestJS, MongoDB, MariaDB, Redis, Firebase, AWS, Docker

Web Developer Intern

Innovage.io - Pakistan | Apr 2022 - Aug 2022

- Built responsive interfaces and integrated payment and geolocation APIs into client web applications, with backend support and manual testing.

Stack: React, JavaScript, Node.js, REST APIs

SELECTED PROJECTS

Ludwig Practice Suite - Medical Practice Software (Germany / Austria)

Angular, Ionic, TypeScript, Next.js, React, Flutter, Dart, Riverpod, RxJS, Tailwind CSS, Playwright, PDF generation

- Lead contributor to the practice dashboard, covering calendar, patients, clinical documentation, invoicing, courses and insurance tariffs in Angular and Ionic.
- Built appointment scheduling against real constraints: recurring series, practitioner and room resources, absences, waiting lists and free-slot computation.

Atomix Logistics - 3PL Fulfilment Platform

atomixlogistics.com | React, Angular, NestJS, Node.js, MariaDB, Redis, Stripe, AWS, Shopify, Amazon, WooCommerce

- Built order-fulfilment and inventory features on a 3PL platform handling real-time order tracking, custom packaging and nationwide two-day delivery.
- Integrated Shopify, Amazon FBA/FBM and WooCommerce so merchant orders flow into fulfilment automatically instead of being keyed in by hand.

EquipX - Heavy Equipment Marketplace

equipx.com | Angular, Next.js, Node.js, MongoDB, Socket.IO, Stripe, AWS, Docker

- Built the searchable listing and filtering system over a large machinery catalogue, plus financing and logistics modules.
- Implemented real-time one-to-one and group chat so buyers and sellers negotiate inside the platform.

EDUCATION

MSc Computer Science

University of Innsbruck - Austria | 2024 - Ongoing

BSc Computer Science

COMSATS University - Pakistan | 2018 - 2022

CERTIFICATIONS

- MERN Stack Developer Certificate
- Front-End Development Certificate
- Project Management for Web Developers

LANGUAGES

English: C1 - Professional working proficiency | Urdu: Native
